## What our guests say:

"I found my time with the Peer Advisory to be rewarding in a number of ways. Meeting new contacts with diverse skill-sets; discussing issues away from the work environment where those issues arise; receiving input from Peers from different industry and role backgrounds; and working together to build solutions with measurable implementations were all real plusses. In combination these made this well-facilitated session one of genuine value for me." *Calum Murray, Partner, Kemp Little LLP.*

"As you progress in the world of business, you can feel more and more isolated or that people are looking to you alone for the answer. The Peer Advisory has shown me the value of working with your peers across industries. It allows you to share your experience, insight and challenges in a no jeopardy environment to the mutual benefit of the attendees. It is an excellent way of learning and developing with like minded people and I can not recommend it highly enough." *Shirley Coe, Director, Close Brothers Asset Management.*

"I attended a Peer Advisory session led by expert Sylvana Caloni. Sylvana did many things during the session but the three I would highlight are: She brought together a diverse group of participants and managed the dynamics with ease. She brought the content alive by referencing up to date research which was impressive. She brought her care and honesty to the workshop with professionalism. I would recommend Sylvana and her work most highly." *Maggie Semple, OBE, CEO, The Experience Corps Ltd.*
